**HAN PHAM,
A TAMPA DE AGULHA AMARELA**

MARIANNE, TAPETE DE ATIVIDADE

ANDERS, RAIZER

O que essas quatro pessoas têm em comum?

A group of people are gathered in a meeting room. In the foreground, several individuals are seated around a white circular table, engaged in conversation. The table is set with water bottles, a bowl of fruit, and papers. In the background, more people are standing and talking, creating a busy, collaborative atmosphere. The room has large windows and modern decor.

Eles são criadores de valor

**A criatividade não é um poder
exótico de pessoas que vestem
roupas engraçadas...**

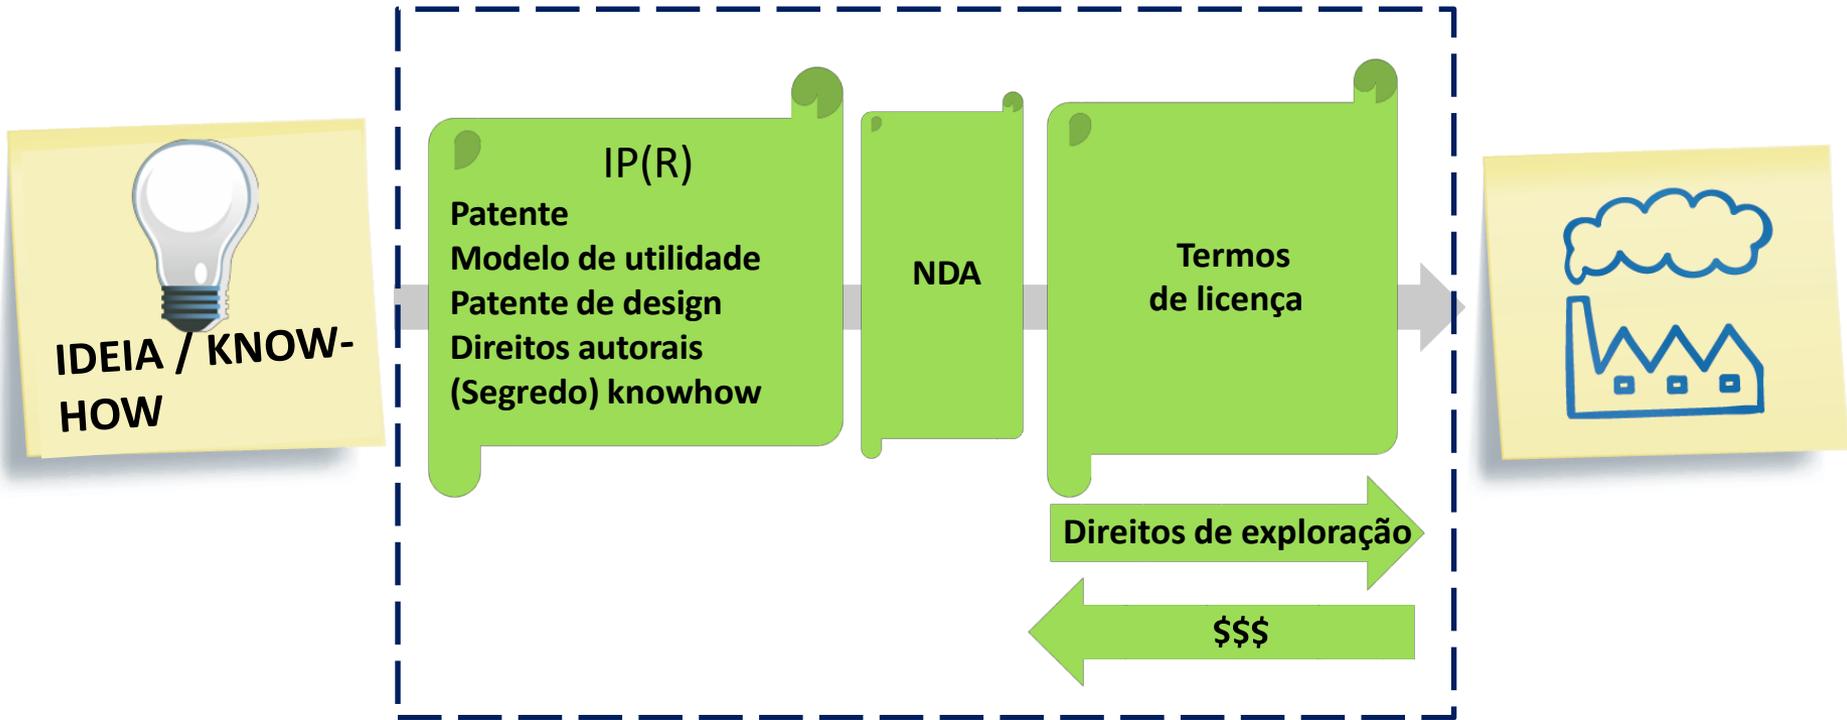

Nações ao redor do mundo estão a procura de novas formas de crescer...

**Caros empreendedores, por favor,
ajudem!**

**Empreendedores erram. Bastante, e
muito tarde...**

O Serviço de Aconselhamento a Inventores (IAS) é uma abordagem de inovação financiada com fundos públicos feita na Dinamarca, e que alavanca o potencial das ideias dos cidadãos.

Licenciamento

A black and white photograph of Thomas Edison in his workshop. He is wearing a dark suit and a bow tie, looking directly at the camera with a serious expression. He is holding a glowing light bulb in his right hand. In the background, there are shelves filled with books and a window with a grid pattern. In the foreground, there are various pieces of equipment, including another light bulb and some wires.

**GENIALIDADE 1% INSPIRAÇÃO
99% TRANSPIRAÇÃO**

Ajudamos pessoas através da fase de transpiração, oferecendo aos inventores acesso a aconselhamento, *sparring* e orientação.

A close-up photograph of a woman with light brown, wavy hair and wide, light blue eyes. She has a surprised or intense expression. Her mouth is completely covered by a strip of bright pink tape. The background is dark and out of focus.

LESS TALK - MORE DOING!

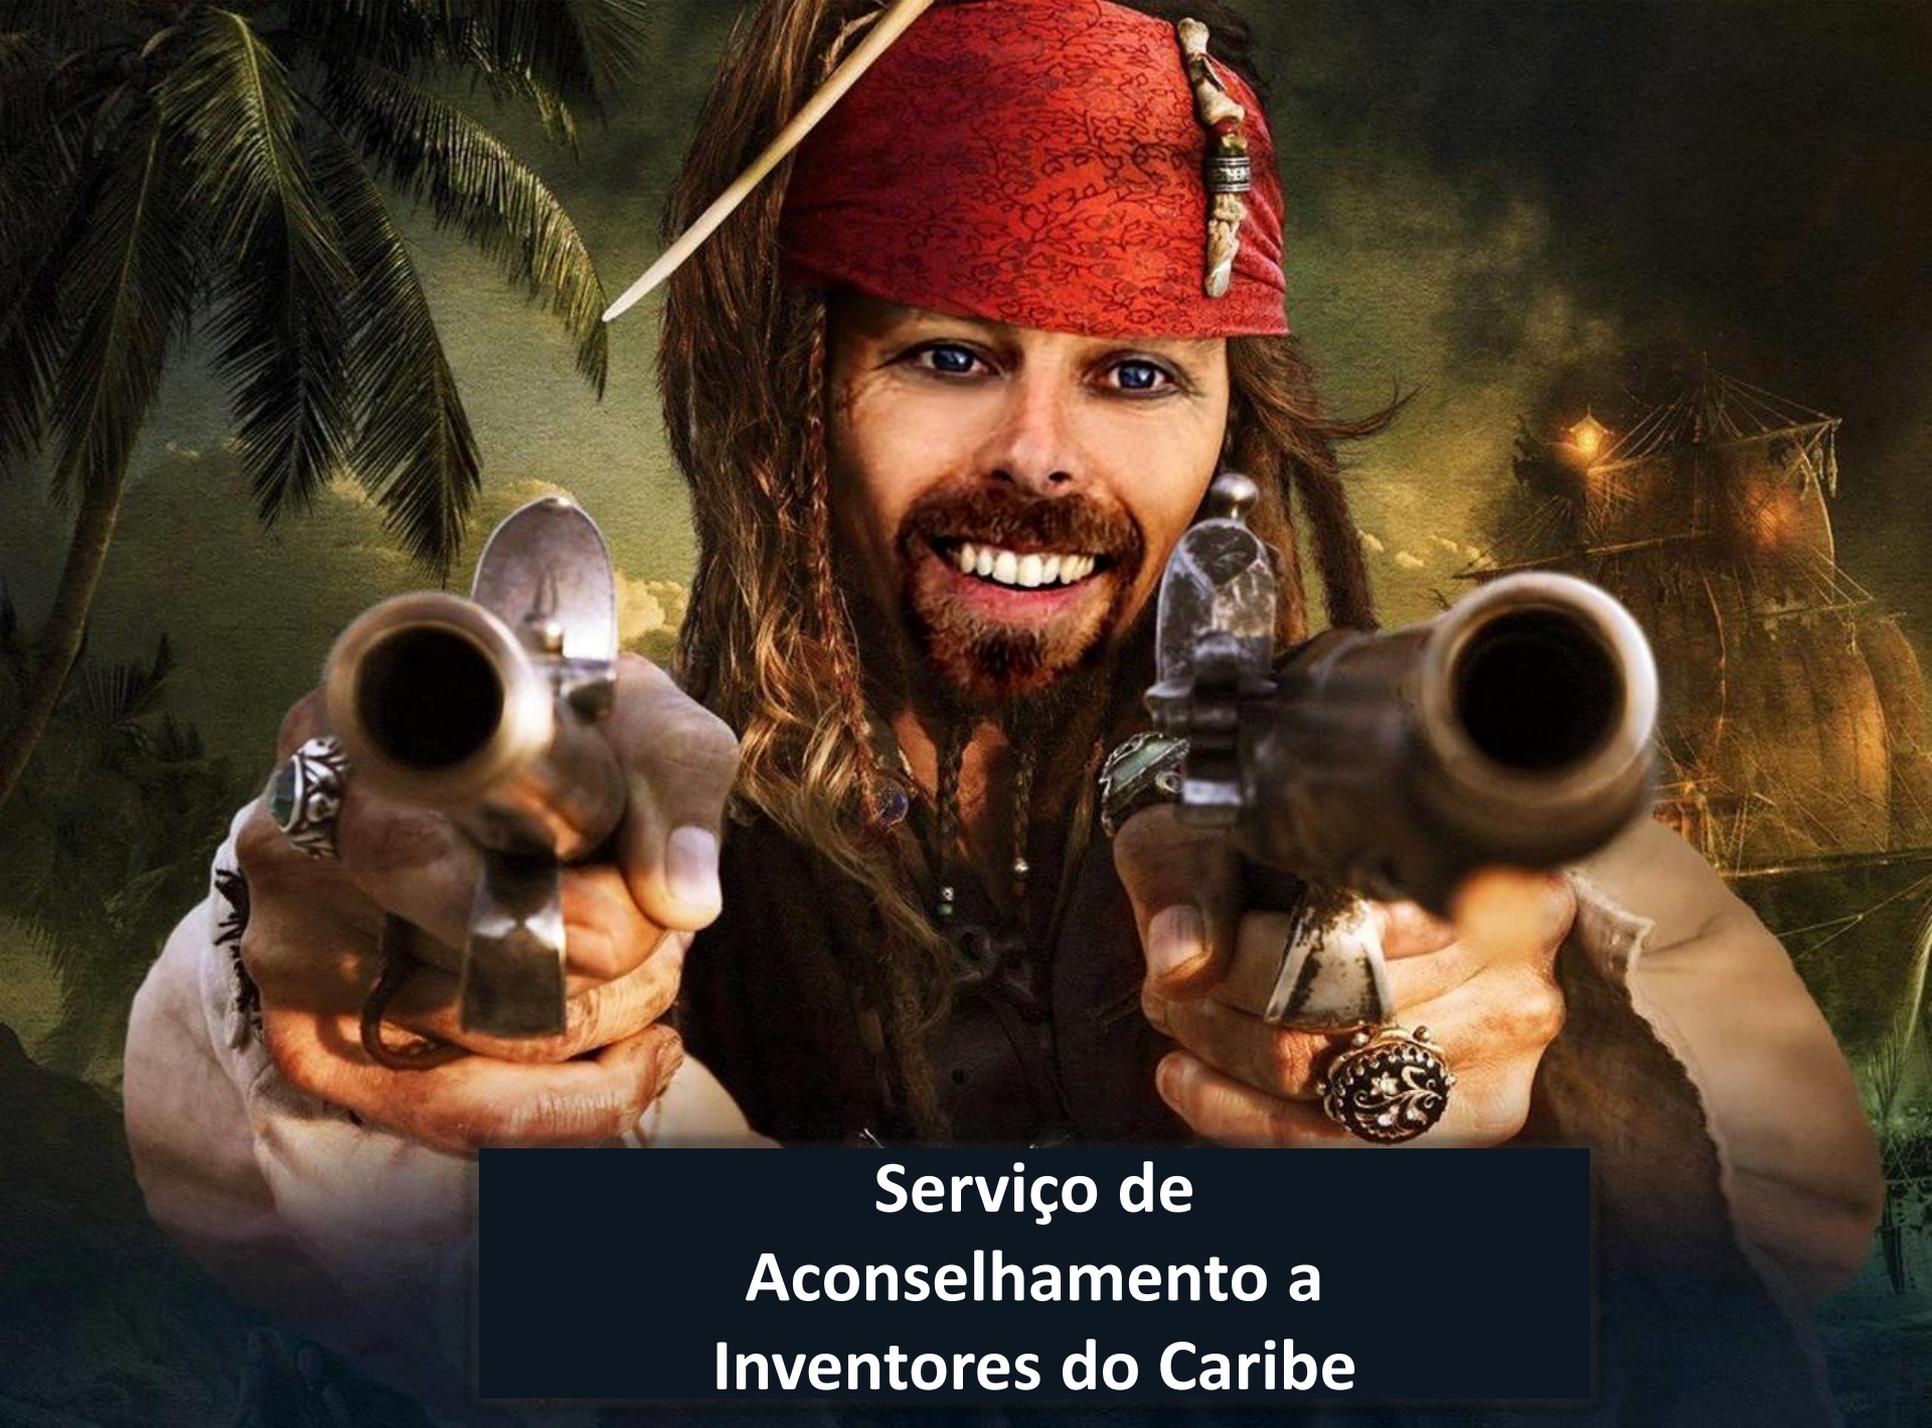

A validação de ideias acontecem na realidade através da experimentação prática e transpiração. Construa, teste, quebre, prove, teste novamente!

Ideias de cidadãos geram impacto social!

FROM IDEAS TO INNOVATION
HUMAN-CENTERED TRANSFORMATIVE INVOLVING
OPEN COLLABORATIVE EMPOWERING CREATIVE

BOTTOM LINE /2000-2009

370 MILLION EUR TURNOVER
1000 FULLTIME JOBS

ACHIEVED THROUGH THREE INTERLINKED PROGRAMS

ADVISORY SERVICE FOR INVENTORS

Since 1972 we have run the public advisory service for inventors in Denmark. Each year we advise more than 5000 inventors and screen 1000 unique inventions. The advisory service helps inventors mature and commercialize their ideas through licensing and start-ups. We create 8-10 license agreements per year.

INVENTORS SCHOOL SERVICE

Since 2010 we have run an educational programme aimed at inspiring and training students in hands-on innovation. More than 2000 students a year enjoy our human-centered, idea-generating, practical, fail-fast, live prototyping and involving approach to innovation.

FABLAB TI

Opened in 2013, based on a long tradition of running a prototype workshop for inventors, FABLAB TI is now open to the public and is an integral part of the development of inventors ideas, commercialization of these ideas and the hands-on, design thinking-inspired training in our school service.
